10. (Unclassified - GLC) Called Kempton Jenkins, Department of State Congressional Relations, and told him of my conversation with Al Westphal, House Foreign Affairs Committee staff, on the subject of Representative Wayne Hays' agreement to fight the Muskie amendment to the State authorization bill on the role of ambassadors abroad. Jenkins agrees with Westphal's advice that we wait until the House acts on its version of this legislation and then get in touch with Hays before the House/Senate conference on the two measures. Jenkins suggested we stay away from any arguments about protecting the President since Hays' reacted negatively to State's remarks in this regard.

11. (Secret - GLC) In the absence of Wilkey Donelson, OMB, I informed Tom Sides that Carl Duckett and I had met with Senator Frank Moss and staff members Bob Allnutt and Charles Lombard, of the Senate Aeronautical and Space Sciences Committee, yesterday for Duckett's briefing on our existing overhead reconnaissance programs and follow on proposals. Sides asked if we were going to try to brief Senator Goldwater separately and I told him we were not in view of the fact that Goldwater had some familiarity with our programs and has indicated he doesn't feel he needs such a briefing. Further I told Sides that Lombard had advised us that Goldwater has sent a very strong letter to OMB Director Ashe objecting to any substitution of the Agency's programs for those of NASA in the peaceful uses area. Sides asked if we had any objection to Frank Zarb, OMB, discussing this with Goldwater and I told him I could see no real objection but thought they would approach Goldwater at their peril in view of his strong feelings.

(Unclassified - GLC) Called Al Tarabochia, Senate Internal Security Subcommittee staff, and told him that [REDACTED] would be in touch with him by phone or in person today or tomorrow to talk further with him about the case of the [REDACTED] in whom he has an interest. I indicated that the Agency's position as to whether to oppose the amendment in toto or to request an exemption for CIA has yet to be decided. Mr. Goin hopes that we will be able to oppose the amendment in toto but does not expect us to directly support the AFD position vis a vis the amendment's affect on the [REDACTED] Goin said that presently he is most concerned that Representative Donald M. Fraser (D., Minn.), House Foreign Affairs Committee, or someone else will introduce an amendment on the House floor similar to the [REDACTED] amendment. If this were the case and both the Senate and House amendments passed, we would not have an opportunity to attack these provisions in conference.

I later called Goin to inform him that George Cary favors the Agency position being first opposing the amendment and second if the amendment is favorably enacted upon, then CIA be specifically exempted.
